Stephanie Clavenna
Candidacy Statement

Why would you like to serve on the Board of Directors?

I enjoy living in our neighborhood and would like the opportunity to contribute to the betterment of our community. I want to continue to provide connection to our residents and be a sounding board for questions and concerns.

Please list previous board position and/ or experience:

I have held several leadership/management positions in my professional experience in mental health services. I currently run a private practice and have a good understanding of the importance of fiscal responsibility while addressing stakeholder needs. I also served as the housing corporation officer in my sorority during college where I helped the chapter residents with housing questions and concerns. During this time, we navigated rent and other financial increases that needed to be addressed.

Issues you feel need to be addressed by the Board of Directors in your community:

I would like to see continued beautification of the neighborhood, coordination with the city council related to common areas, and neighborhood activities to bring people together.

Any prior commitments that may prevent you from actively serving on the Board of Directors?

None that I am aware of.
